Hi Denis,

You may recall past discussions about email collections related to the OOOOa FOIA requests received by the Agency. We delayed our review of Regional records for some time, but are now turning to them. A small group of Region 4 records are now ready for review. I know you expressed an interest in conducting the review in Relativity, but I want to see if you'd rather I simply send the docs to you in PDF form. There are only 4 potentially responsive records, and it may be easier to just export them for you rather than get you set up in Relativity.

In your review, we need you to (1) determine whether the records generally related to OOOOa, and (2) whether you expect FOIA exemptions to apply.

Please let me know if you'd prefer to approach the docs in Relativity or receive a PDF export for your review, and I'll get you access to the docs either way. Thanks,

Peter
